Dependable & Durable for Every Application

The Greensource Si Series DX Model Evaporator Coil, when matched with a Bosch Geothermal Heat Pump condensing section, will deliver some of the best comfort levels and efficiency on the market today. Bosch offers a complete range of evaporator coils, including cased and uncased DX coils.

Cased Evaporator Coil

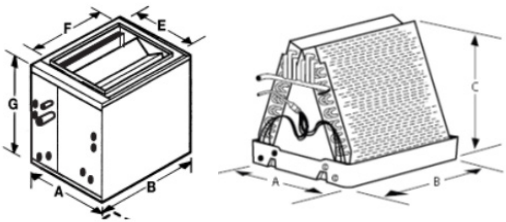

- 1 Bosch offers a complete range of evaporator coil units from 2 through 6 ton sizes. Both cased and uncased evaporator coils can be easily installed for retrofit or new construction applications.
- 2 The cased evaporator coils are constructed with heavy duty commercial grade pre-painted steel for durability.
- 3 The cased evaporator coils include foil-back insulation which helps to ensure against energy loss through the cabinet as well as keeping the unit quiet.

Both cased and uncased evaporator coils come with the following:

- 4 Aluminum fins with copper tubing improve the heat transfer efficiency, thereby increasing the energy efficiency and energy savings of the unit.
- 5 The “A” shaped coil is a specifically designed evaporator coil shape that allows for low static pressure drop and high efficiency heat transfer capabilities along with optimum latent (water) removal. The units come standard with a thermal expansion valve (TXV) to ensure proper refrigerant flow during all conditions in order to optimize the unit's process to the highest efficiency possible.
- 6 Bosch’s “A” shaped coil includes a drain pan to help reduce the build-up of mold, bacteria and airborne pollutants. The pan is made of a strong recognized rated 94-5V (QMFZ2) plastic, and poly-vinyl chloride (PVC) for strength and durability. For your protection, both drain pans have also been tested to resist UVC light.

Dimensions

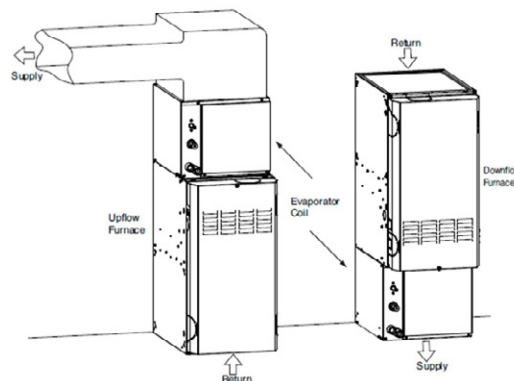

Model	Cased Coil Dimensions		
	A (width)	B (depth)	C (height)
DX025CC-1	14	21	16
DX035CC-1	17	21	24
DX049CC-1	21	21	24
DX061CC-1	24	21	26
DX071CC-1	24	21	34

Model	Uncased Coil Dimensions		
	A (width)	B (depth)	C (height)
DX025UC-1	13	19	12
DX035UC-1	16	19	20
DX049UC-1	19	20	20
DX061UC-1	23	20	24
DX071UC-1	23	20	26

All dimensions are in inches.

Furnace Application

5 Year Parts and Labor Limited Warranty[§]
