Effective November 1, 2011
Solar Pump Station
KS0105 | KS0110 | KS0120 | KS0150 Warranty

Models Covered
This limited warranty is provided by Bosch Thermotechnology Corp. (BTC) and covers KS0105, KS0110, KS0120, and KS0150 Solar Pump Stations (hereinafter referred to as “Solar Pump”). This warranty is provided to the original purchaser of the Solar Pump as long as the Solar Pump remains installed at its original place of installation.

Warranty Coverage
Two Year –Limited Warranty
BTC warrants that the Solar Pump and Other Components shall remain free from defects in workmanship and materials for two year from the date of original installation provided they are installed and properly maintained by a qualified heating contractor and the other conditions of this warranty are met. If BTC determines that the Solar Pump or any part of the Solar Pump or Other Components has a defect in workmanship or materials, BTC, at its option, will repair or replace the defective part. Labor charges are not included.

OTHER SOLAR SYSTEM COMPONENTS
The Solar Pump may be delivered with other solar pump system components not manufactured by BTC (“Other Components”). Other Components are warranted by the manufacturer. BTC also will warrant the Other Components to be free from defects in workmanship and material for one year from the date of installation, provided they are installed and properly maintained by a qualified heating contractor and the other conditions of this warranty are met. If a defect exists in the Other Components, BTC will repair or replace them and pay for the associated labor charges at BTC approved rates, if BTC determines that a defect in workmanship or materials exists.

Items Not Covered
This limited warranty does not cover the following circumstances:

1.) Components or parts not provided by BTC.
2.) Serviceable items and normal maintenance as required per the Installation Manual.
3.) The workmanship of any installer. BTC disclaims and does not assume any liability of any nature for unsatisfactory performance caused by improper installation, repair or maintenance.
4.) Any labor or material costs for removal, reinstallation, repair and replacement of the defective component or part unless otherwise provided above.
5.) Transportation to BTC, if necessary.
6.) Damage caused by excessive temperatures or pressures, fuel or gas explosion, electrochemical reaction, water and air impurities, electrical failures, flooding or acts of God.
7.) Any damage or failure resulting from the introduction of harmful chemicals, caustic fluids, or liquids detrimental to copper tubing, including but not limited to improperly applied or maintained heat transfer fluids or chlorinated pool or spa water.
8.) Except as set forth above related to Other Components, components of the solar system that are part of the solar system into which the Solar Pump is incorporated that are not Bosch products are not covered by this warranty and are limited to the warranty of the manufacturer of such components. In order to file a claim for warranty you should contact the manufacturer.
9.) Shipping charges, delivery expenses or administrative fees incurred by the purchaser in repairing or replacing the Solar Pump.

Conditions of Warranty
The warranty herein is void under the following circumstances:

1.) Any Solar Pump that is installed and operated in an application other than medium temperature (110 - 194 ºF) water heating.
2.) Failure or malfunction resulting from improper or negligent operation, accident, abuse, freezing, misuse, unauthorized alteration or improper installation, repair or maintenance. See the Owner’s Manual for installation and maintenance information.
3.) Failure or malfunction resulting from the introduction of harmful chemicals, caustic fluids, or liquids detrimental to copper tubing, including improperly applied or maintained heat transfer fluids or chlorinated pool or spa water.
4.) Any Solar Pump that is installed and operated with anti-freeze that has not been approved by BTC (check your installation manual for an approved list).
5.) Work performed without prior authorization or approval and without authorization/requisition number and without proper documentation verifying compliance with above terms.

Limited Warranty
Other than the obligations of BTC expressly set forth heron, BTC disclaims all warranties, express or implied, including but not limited to any implied warranties of merchantability or fitness for a particular purpose. BTC’s sole obligation with respect to the solar pump and purchaser’s exclusive remedies are set forth in the foregoing limited warranty. BTC shall not be liable for any indirect, punitive, incidental, special, consequential or similar damages including, without limitation, injury or damage to persons or property or damages for loss of use, lost profits, inconvenience or loss of time.

Note that any repaired or replaced product will be warranted for only the unexpired term of the original warranty.

Some states do not allow the exclusion of limitation of damages, or limitations on how long an implied warranty lasts, so the above limitations and exclusions may not apply to you.

Warranty Claims Process
If you have a warranty claim you should notify the heating contractor who installed your Solar Pump and ask that the contractor notify the distributor from whom the contractor purchased the Solar Pump. If this action is not possible or you don’t receive a response, contact Bosch Thermotechnology Corp., 50 Wentworth Avenue, Londonderry, NH 03053. To process your claim, you will need a copy of your original invoice or other proof of purchase and documentation showing the original installation date and location. The alleged defective components or parts must be returned to BTC in accordance with the BTC procedure then in force for handling goods returned for the purpose of inspection to determine cause of failure (contact BTC if you have questions regarding the return process). If BTC determines that the returned components and/or parts are defective and that this warranty applies, BTC will furnish the repaired or replacement components and/or parts to an authorized BTC distributor who, in turn, will forward the components and/or parts to the heating contractor who installed your Solar Thermal System.

Effective for sales on or after 11/1/2011.
